### A Prayer for Our Nation

*The Lord your God will bless you just as He promised you. — Deuteronomy 15:6*

Born in a poor Russian Jewish ghetto, Irving Berlin immigrated to America with his parents when he was five, settling in New York's Lower East Side. He became one of the most prolific American songwriters in history.

In 1918 he originally wrote "God Bless America," and he revised it in 1938 as war and the Nazis were threatening Europe. The lyric takes the form of a prayer for God's blessing and peace for the nation.

Singer Kate Smith introduced the revised "God Bless America" during her radio broadcast on Armistice Day (now called Veteran's Day) 1938, and the song was an immediate hit. Even now it is considered an unofficial national anthem of the United States.

*While the storm clouds gather far across the sea,  
Let us swear allegiance to a land that's free,  
Let us all be grateful for a land so fair,  
As we raise our voices in a solemn prayer.  
God bless America, land that I love.  
Stand beside her and guide her  
Through the night with the light from above.  
From the mountains, to the prairies,  
To the oceans white with foam,  
God bless America, my home sweet home.*

Countryside Trinity Church has a "Prayer Chain" and we would love to add your friends and family to those we pray for. Please call the church office to provide Your loved one's information. 989 793-0125.

Express yourself and your faith by joining the worship, music, or usher team today. There are so many meaningful and fun ways to get involved, and there is something for everyone to do and **YOU** are needed in order for CTC to continue to grow and move forward. If you are interested in becoming a worship helper, Liturgist, sing in the choir or have any questions about how you can help, please speak with Darren Woodke (Liturgist), John Bethune (Ushers) and Dan (Choir) or Barb Groom (Kitchen).

The Mission for the Month of July is East Side Soup Kitchen.

#### CONSUMERS FUNDRAISER

Unfortunately the time for making your energy analysis appointments has ended. We fell short of the number of appointments required in order to benefit from the program. We tried and those that have had the analysis done received some great gifts. Thanks for participating.

## a message from OUR PASTOR

*Then Jesus said to those who had believed in him,  
"If you continue in my word, you are truly my disciples;  
and you will know the truth,  
and the truth will make you free." John 8:31*

As July 4 approaches I think about Independence Day. I keep repeating the word independence—independence—independence. And as I repeat the word a thought emerges: We are people who are in dependence upon God.

We depend upon God. This is the truth that sets us free.

As you celebrate Independence Day, give thanks to God for setting you free to depend upon God. Give thanks to God for the freedoms we enjoy in this country. Pray for freedom for the people of the World.

Peace Be With You!

Rev. Margaret

## **Engraved Paving Bricks**

Engraved paving bricks, positioned along the walkway at our center entrance, are a unique way to pay tribute to a friend or family member, honor the memory of someone close to you or commemorate a birthday or any special occasion. This is the perfect time to place an order as the finished bricks can easily be placed in the ground during summer and fall weather. Bricks, measuring 4 by 8 inches and including 3 lines of engraving, are priced at \$25.00. Applications are available in the alcove in Fellowship Hall and in the church office. Checks should be made payable to Countryside Trinity Church. Payment and applications can be given to Lori Halase. Please see or call Lori (792-4613) with any questions.

## **READ Program**

The READ program is on hiatus for the summer months but it is not too early to consider volunteering when school resumes in the fall. Several members of our congregation have read with students at Weiss Elementary for the last two years. This is your chance to make a huge difference in the life of a child and you will reap the rewards as well. The only requirement is the ability to read which means that every one of our congregants is a potential READ mentor. The commitment is generally for approximately 1 hour once per week. The staff at Weiss are very appreciative and are flexible in working with us on scheduling. PLEASE consider participating in this very worthwhile and rewarding program. See Lori Halase for additional information or to add your name to our list of volunteers.

# 90 IS THE NEW 70

By **Emily Holbrook** | January 31, 2016 at 08:30 AM | Originally published on [Lifehealthpro](#)

*I wish I could say I came up with that witty — and very much true — headline. But to be fair, the credit goes to one of our industry's news and data arms: **LIMRA Secure Retirement Institute**.*

*In a recent news release, the research organization stated that a healthy individual should be prepared to cover costs **into their mid-90s**, "at minimum." That's a far cry from 1955 when the U.S. government statistics on average life expectancy was close to age 70. Should we really be surprised at this announcement, though?*

*We're surrounded by seniors who are going faster, living longer and doing more. My own grandmother worked until she was 80 and was in better shape than me up until she fell ill and passed away at the ripe young age of 92.*

*And of course there are other, even more surprising, examples. Take Harriett Thompson of Charlotte, North Carolina, for example. Back in May of last year, this 92-year-old cancer survivor became the oldest woman to ever complete a marathon — and in an amazing 7 hours and 42 minutes at that. Or what about Yuichiro Miura, a Japanese Mountaineer who reached the summit of Mount Everest at close to 81 years of age? And then there's Sister Madonna Buder. This religious racer became the oldest person (man or woman) to finish an Ironman Triathlon. Buder didn't start competing in such races until she was 55. To this date, she has completed more than 325 triathalons, including 45 Ironman distances.*

*You may feel as bad about yourself as I started to feel when writing this. But that is not my intention. I write this to bring awareness to the fact that 90 is indeed the new 70. True, cases like the "Iron Nun" are rare, but the fact is that life spans have increased drastically and will continue to do so. Are your clients prepared for this? Are they fully aware of the many life insurance and retirement products available that can act as a hedge against longevity risk?*

*It's up to us to teach them.*

## **WORLD REFUGEE DAY WAS JUNE 20TH**

### **World refugee day is a time for remembrance, prayer, celebration and commitment.**

In 2019, we **remember** that there are 68.5 million people around the world forced from their homes in fear for their lives due to war, natural catastrophe, persecution or fear of persecution. We take time to look beyond our own microcosm and recognize the incredible commitment of developing countries in the developing world who host 84% of the world's refugees.

We share the sorrow of refugees living in this country who mourn the loss of loved ones and whose hearts ache for reunification with their spouses and children separated by displacement or resettlement.

We **pray** for the 22.5 million of these displaced people who are refugees – who have fled countries like Syria, Iraq, South Sudan, the Democratic Republic of Congo, Venezuela, El Salvador, Honduras and Guatemala. The 5 million Palestinians living in refugee camps in Gaza, the West Bank and Jordan for decades, even generations.

We pray for our government and for the governments of refugee host countries around the world to not become discouraged, but to work together as one global family to meet the humanitarian needs of refugees on their doorsteps

On this World Refugee Day we **celebrate** the former refugees who have become part of our communities and our churches. We honor the many gifts they bring to their new country. We give thanks that through their eyes we see the hope and promise that they find in our nation's highest ideals and the deep embrace from congregations who welcome them.

On this World Refugee Day we call on our government to renew our country's **commitment** to resettle refugees in need of a long term solution. In spite of a goal to resettle 45,000 refugees this federal year, only 25,000 or 26,000 are expected to arrive, leaving almost 20,000 refugees behind. We can do better.

We will **write post cards** to let our elected officials know that we are outraged by US Government policies that imprison asylum seekers and separate parents from their children in order to send a message that they should not seek safety here. We are stunned by the decision of our government to turn a blind eye and deaf ear to their cries for safety, freedom and justice.

We claim our own inheritance as people of faith to discern again our role as individuals and congregations. When we turn to scripture, we find 92 separate references to welcome and care for the stranger. We seek to be an example for our country and our world by choosing welcome over fear and hatred of the other as we seek God's direction for us in this particular moment.

This World Refugee Day **we choose welcome**, again. **If you would like to send a postcard to your Senator or Representative, there are forms in Fellowship Hall on shelf by Bulletin Board for your use.**
